

RECK

TORRO Slatted Floor Mixer

TORRO swings laterally to increase agitation area

TORRO's 220V, 10 HP motor quickly and efficiently homogenizes sediments and surface crust

Saves you time - no need to move animals with each use

Four wheel design allows the mixer to easily be operated and moved by one person

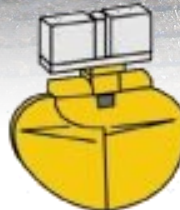

Motor can be lowered for quick and easy transport

Rev: 10/2013

Propeller for Swine Barns

Propeller for Cow Barns
