

AIR CURTAINS

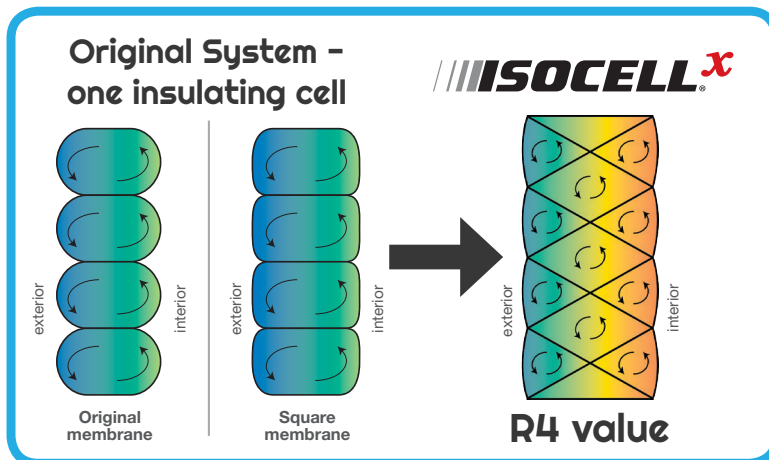

ISOCELL Z-WALL

- Nearly 2X the insulating power of any other system on the market!
- Combines transparency, insulation and rigidity
- Minimizes heat transfer of colder external air and warmer interior air cells
- Continuous opening up to 10' or double opening up to 20'

ISOCELL X-WALL

- Nearly 3X the insulating power of any other system on the market!
- Eliminates ice formation
- Improved lowering of the curtain due to X design
- Continuous opening up to 10' or double opening up to 20'

KEEPING COWS COOL!

THAT'S WHAT WE DO.
