

**KRAIBURG MONTA**

"MONTA provides a safe, high-quality footing in heavy traffic areas where slips are likely to occur."

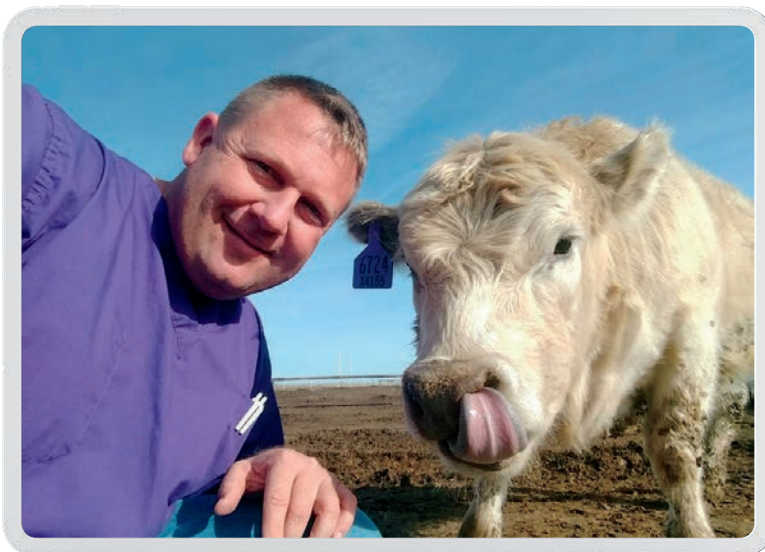

-Dr. Nels Lindberg

## **Cattle Traction Mat** **Slows high-energy cattle herds!**

- V-shaped, raised rib profile
- Durable, 1-inch-thick rubber
- Ideal solution for feedlots: unloading & loading areas, processing barns, hospital areas, or sale barns
- Simple installation

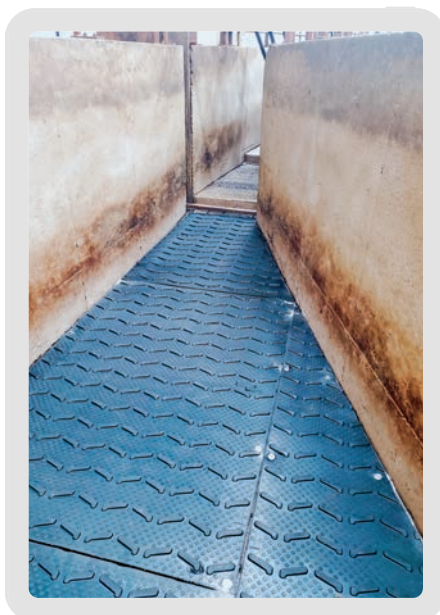

## **Why he recommends MONTA**

- Decreases slipping in high-traffic areas
- Minimizes noise
- Reduces foot problems
- Minimizes aggressiveness
- Easy to clean
- Professional look
- Prevents unnecessary injuries and profit loss

**Dr. Nels Lindberg**

Partner at Production Animal Consultation

## **The MONTA Difference**

*"One Kansas feedlot we work at brings through 120,000 head of cattle in a year, and I've been watching the MONTA since it was installed. It has held up amazingly well compared to other options."*
